# FORTY-FOURTH ANNUAL REPORT.

---

The Board of Management has pleasure in presenting to the Governors what is deemed to be a very satisfactory Report, the year under review having been one of continued progress.

Again Dr. Penistan has very kindly co-operated in the preparation of the Medical Report, which discloses that **1,076** patients, of whom **551** were In-patients, received appropriate treatment during the year, the average stay in Hospital of the latter being 8.7 days. The number of In-patients shows an increase of 58 over the previous year. The following other figures are extracted from the Report:—

Surgical Operations .....	448
X-Ray Examinations .....	391
Separate Attendances by Out- patients .....	1820

In view of the discontinuance of the Ear, Nose and Throat Clinic, no figures are included in respect of the large number of visits to the Honorary Aural Surgeon under the recent practice. The utility of the X-Ray Department continues to develop and has been utilized far in excess of any previous year.

The death of Dr. J. K. Roger after a very short period of service on the Honorary Medical Staff is deeply regretted.

Miss Jones, who has been a member of the Nursing Staff for some years, has been promoted to the position of Sister.

The policy which was adopted a few years ago of gradually bringing the fabric, equipment, furnishing and general efficiency of the Hospital to the highest possible level has been continued during the past 12 months, and many further improvements have been effected. Those of a special nature (with the cost involved) may be briefly summarized as follows:—Decorations (£60), Sluices for the Women's and Children's Bathrooms (£59 9s. 8d.), Lockers, Bed Screens, Stainless Jugs, Bowls and Window Blinds (£57 3s. 11), Sterilizer

(£50), Telephone Cubicle, the elimination of dry rot and sundry repairs (£38 2s. 3d.), Renewal of an X-Ray Tube (£30), Wooden Draught Screens near the entrance to the Men's Ward and miscellaneous alterations (£30 10s. 2d.), Linen Cupboard and Shelving (£22 11s. 6d.), and finally re-wiring of the Wash-house and Drying Room (£14 18s. 0d.).

The foregoing items of special expenditure amounting to over £362, combined with other factors (including the increased number of In-patients), have had the effect of making the ordinary expenditure higher than in any previous year.

There is in consequence an adverse balance on the year's finances as disclosed by the Income and Expenditure Statements, but the Board desires to tender sincere and grateful thanks to all individuals, firms, companies, clubs, and the various representative bodies, for very generous and handsome support during the year under review. In particular, special mention should be made of the further generous individual gifts of £100 by Mr. John Drummond, and £25 by Mrs. A. Robertson, widow of the late Honorary Treasurer. The proceeds of the annual efforts of the Hospital Saturday Committee and Hospital Ball Committee are very satisfactory and acceptable, while the continued kindly support of the officials and members of the Fylde Police Athletic Club, The Gasworkers' Union Club, the British Legion Club, and the Working Men's Club is very encouraging. The respective generous benefactions, added to the sums received from Church and School collections and other sources, including the ever dependable Annual Subscribers, are greatly appreciated.

During the year testamentary bequests under the Wills of the late Mr. Thomas Wade of Fleetwood, and the late Miss Emsley of Knott End, were received. These together amounted to £140, and, though far below the average of recent years, are gratefully acknowledged. It will be noted from the Balance Sheet that Weekly Contributors (by deduction from wages) now provide a very high proportion of the total income, without which the improvements of recent years would have been well nigh impossible. All over the country testimony is being paid to similar support, and it is gratifying to know that so many employees in Fleetwood and Thornton Cleveleys are increasingly and effectively playing their part with the co-operation of their respective employers.

The members of the Ladies' Linen Guild are ever mindful of the best interests of the Hospital, and it is pleasing to refer to the resumé of their work, which was made at the Annual

Meeting of the Guild some 12 months ago. This disclosed that no less than £835 had been raised during the previous 13 years, such amount being in addition to liberal gifts of a specific nature. The Board is much indebted to the executive members of the Guild, and to its Officers, Mrs. Wignall-Hodson, Mrs. F. B. Lees, and Mrs. L. M. Walsh. The detailed Reports and Accounts for the past year of the Linen Guild, the Hospital Saturday Committee and the Ball Committee, will be printed and circulated with this Report.

The kind assistance of Mr. J. Thornton, for his interesting and helpful Press article, is appreciated, as is the year by year professional help of Mr. Clifford Bowman, the Honorary Auditor.

On the 30th April last, a tablet was unveiled in the Children's Ward by the then Mayoress (Mrs. H. L. Robertson) in the presence of Life Governors, members of the Committee, Head Teachers and representative Scholars from all the Council Schools in Fleetwood and Thornton-Cleveleys. It reads as follows:—

“This Tablet expresses the Governors' appreciation of the Valuable Contributions made to this Hospital by the School Children of the Hospital Area.”

Subsequently the Scholars inspected the Wards, X-Ray Room and Operating Theatre, after which all present were entertained to tea by the Chairman. In a very inspiring speech, Mr. S. A. Palmer, representing the local Teachers' Association, expressed the appreciation of the Teachers and Scholars in being permitted to take part in the ceremony. Addressing the Scholars particularly, he said:—

“The generous hearted, the workers, the poor, all help to maintain the Hospital, and the pennies of the School Children go towards its upkeep. In giving, all these are themselves blessed, for any gift at a sacrifice endows the giver with something noble which tends to beautify the character. I want the children to realize there is such a thing as a Noble War—a fight between the forces of life and death—in which we can at least help with our moral and material support.”

It is perhaps fitting that this report should close with the hope that the lofty aspirations referred to may be justified in this rapidly growing district, so that the Annual Income of the Hospital may continue to be adequate for its ever-increasing needs.

CHAS. H. RILEY,  
Chairman.

28th January, 1936.

# Hospital Saturday Effort, 1935.

## REPORT.

**The Twenty-fourth Annual Parade and Flower Day** was held on the 3rd August, 1935. For many weeks before and after that day the members of the Hospital Saturday Committee were very active, and the results of their efforts have culminated in the substantial sum of £245 being transferred to the Hospital General Account.

Thanks are again due to Mr. R. Cross for his very valuable assistance in organising the Breakfast Table Collection, and to Miss Oldham and the Ladies' Committee who assisted and also raised the sum of £9 10s. 0d. by a special effort of their own.

Very special efforts were made by the Boxing and Dance Committees to swell the funds this year, with successful results; the Auction Sale again made a valuable contribution.

The generosity of the persons whose names are attached as Donors is greatly appreciated, and the general public is thanked for its loyal support.

Owing to an extremely busy season, the Model Yacht and Power Boat Club was unable to assist us by the usual Carnival, but it is pleasing to note that we may anticipate its assistance again in future years.

We regret to record the death of Mr. W. Cheetham, who was a valuable subscriber to our funds. We were also sorry to accept the resignation of Mr. John Sandham, who had been a valuable member of the Committee for many years, and we know that only the circumstances of his leaving the district could have induced him to sever his connection with the work of the Hospital.

Next year will be the twenty-fifth and Jubilee Year for the Hospital Saturday Effort, and with the Committee at its present strength a record result is anticipated.
